Pelin KONAK

Computer Engineer | Technical Product & Full-Stack Engineer

Computer Engineering student with hands-on experience in building end-to-end software products and leading cross-functional teams. Strong background in full-stack development, AI-based systems, and startup environments. Passionate about product ownership, team coordination, and transforming technical ideas into scalable products.

Experiences

ISTUN – Entrepreneurship Club Vice President October 2024 - June 2025
- Coordinated events and projects that promoted entrepreneurship among students.
- Managed a team to organize innovation-focused workshops and networking activities.
- Strengthened leadership and teamwork skills through student-led initiatives.

ISTUN – IEEE Member October 2024 - June 2025
- Participated in technical projects and collaborative research groups.
- Contributed to software and hardware-focused student activities.
- Gained experience in problem-solving and professional networking.

Startup - Zpigo – Co-Founder January 2025 - August 2025
- Led a cross-functional team in the development of a web-based platform.
- Oversaw product design, technical infrastructure, and project milestones.
- Enhanced skills in leadership, product management, and entrepreneurship.

Sorwe - Internship July 2025 - August 2025
- Contributed to the development of an AI-powered document reader project.
- Gained hands-on experience in FastAPI, FAISS, and natural language processing.
- Collaborated with engineers to improve system performance and reliability.

Denizbank - Bootcamp Member August 2025
- Completed an intensive Data Science & AI training program.
- Worked on real-world case studies in machine learning and data analysis.
- Improved analytical skills and learned industry-standard tools and practices.

Projects

Vera Natura
- Founded and developed an e-commerce platform for natural products, focusing on branding, packaging, and customer experience.
- Designed dynamic user interfaces to improve usability.
- 🌐 www.veranatura.com.tr

AI Document Reader / Chatbot
- Built an AI-powered Q&A system that extracts answers from uploaded documents.
- Implemented with FastAPI, FAISS, and NLP models for retrieval and response generation.
- Designed and implemented an AI-powered Q&A system to solve document search and information retrieval problems.
- 🌐 https://github.com/pelinkonak/ai-doc-reader

Portfolio Website
- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript.
- Showcases projects, skills, and achievements.
- 🌐 pelinkonak.github.io/ownwebsite.github.io

Zpigo Website
- Defined product roadmap and feature priorities
- Coordinated design and development teams
- Took ownership of delivery timelines
- 🌐 www.zpigo.com

FilmFusion
- Created a movie app with Kotlin and Java, enhancing my skills in Android development and UI design.

Ingle
- Developed a quiz-based mobile application in Kotlin, enhancing my skills in Android development, problem-solving, and UI/UX design.

Pelco – Auto Parts E-Commerce Platform
- Led the end-to-end development of an automotive spare parts e-commerce platform, covering both customer and admin workflows.
- Defined product requirements and prioritized features while translating business needs into technical solutions.
- Built and managed backend services with FastAPI, taking ownership of task planning and delivery.

Education

Nevzat Ayaz High School

High School Education 2017-2021

Istanbul Health and Technology University
- Preparatory year: 2022-2023
- Undergraduate Degree in Computer Science 2023-continues

Skills
- Strong organizational and time-management skills
- Communication and interpersonal skills
- Ability to work independently and as part of a team
- Able to handle multiple tasks simultaneously
- Leadership
- Adaptability

Certificates

Turkcell Company | Certificates
- Algorithms and Programming with C# 101 - 2022
- Advanced Python 101 - 2024
- Web Programming 101- 201 - 2024
- Android Programming with Kotlin 101 - 2024
- Python 101-201 - 2024

BTK Academy
2024
- Project Management

Bogazici University
2023-2024
- Engineering Summit

İKÇÜ Artificial Intelligence in Health Community
2023
- 2nd National Student Congress on Artificial Intelligence in Health

Young Executive Academy
2023-2024
- Software Technologies and Artificial Intelligence

100sClub & Alternatif Bank
2024
- Metaverse Introductory Training

Denizbank
2025
- Artificial Intelligence and Data Science Training
